

INTERNATIONAL CONSTRUCTION WEEK (ICW) 2019 MITEC 19-21 March 2019

'Toward enhancing quality and safety in construction'

ONE DAY SEMINAR : A PROPOSAL

1. INTRODUCTION

1.1 Topic / Name of Conference

Asset and Project Management Conference (APMC) 2019

1.2 Theme

Towards Enhancing Quality and Safety of Assets

1.3 Seminar Aims/Objectives

The aim of the Seminar is to bring together stakeholders involved in asset and project management practices from the construction industry to discuss their thoughts, to exchange ideas and to share their experiences across multidisciplinary sectors. This Seminar will enable breakthroughs within the industry and will serve as a platform for networking and knowledge sharing.

1.4 Benefits of the Seminar

Participants in the Seminar will be able to:

- a) Engage with the international experts on quality & safety practices towards the betterment of asset performance.
- b) Explore cross sectoral ideas and opportunities in addressing quality & safety issues and challenges.
